WaveLight® Displays

TENSION FABRIC LIGHT WALLS

WaveLight® LED Backlit Display Wall Collection adds tone, mood or atmosphere with light to elevate a message and brand. WaveLight® Backlit Displays are one of the thinnest tension fabric light boxes to hit the exhibit market with just a 50mil aluminum pipe profile. It frames an array of perfectly positioned LED lights to achieve an ultra-bright, evenly-diffused backlit display.

WaveLine® & WaveLine® Media
TENSION FABRIC DISPLAYS

The WaveLine® Media tension fabric display system is a great alternative to standard pop up back wall exhibits. Lightweight aluminum poles with bungee cords snap together to create the base framework, the graphic then slides over the frame and zips closed. The zipper is hidden and tightens up the fabric graphic for a smooth image.
